# about

# US!

"We, in ANSAC Credit Union Limited, believe it is our duty to provide for our members, in the most efficient way possible, the services they need to improve their social and economic well-being. In addition, to practice the values of equality, equity and mutual self-help by providing a source of credit for each other and a means of practising thrift."

Today ANSAC, which stands for 'Army Naval Services Air Corps' has nearly 7,000 members.

We provide assistance to our members to help organise their family budgets. Our lending service, in addition to any other service we may provide, is at the disposal of all our members.

It is important to remember that the money members receive as loans is the savings of other members. To this end, it is imperative that members continue to save while paying off a loan.

Why  
US!

**Looking for a way to give back to the defence force community while enjoying great camaraderie and learning new skills along the way? Find out more about our volunteer roles. The roles & responsibilities of being a volunteer with us specifically**

Here at ANSAC we call our volunteers Reps. They're our men and women on the ground who are available to have a face-to-face chat to you, our members, about your account, getting a loan, using our EZ BillPay Service, joining our monthly members draw or opening up an account in the first place.

Many of our Reps, who're interested in further developing their skills sets, also pursue roles in our various committees which include (Audit & risk, credit, investment, membership, nominations & strategic). These Reps give of their time freely to attend committee meetings and where necessary receive relevant training in areas such as Ethics, Data Protection and Money Laundering. And we're delighted to share that some of our reps have gone on to take up professional roles in various Credit Unions around the country.

# Benefits of B e c o m i n g a R e p

**Don't worry you will be given plenty of support and training. Every Rep is highly valued and welcome.**

## Benefits Include:

- Gain skills and experience within a financial services environment
- Enhance personal development through targeted training programmes
- Increase career prospects by adding a valuable achievement to your CV
- Meet like-minded people from the community

# Join the movement with thousands of others and help make a difference!

The credit union movement is built upon the efforts of thousands of volunteers who give freely of their time and skills to their credit unions in the spirit of cooperation. Each credit union has a team of volunteers with the skills and knowledge to lead and manage that credit union. Many people are currently contributing their time and skills through a number of volunteer organisations. The credit union movement in Ireland and Northern Ireland currently has **9,250** volunteers.
